

Thermal transfer ribbons for flexible package printing. Keep the quality. Reduce your costs.

Now you have another resource for high-quality thermal transfer ribbons. One that maximizes efficiency and lowers operating costs for significant savings. Our ribbons deliver reliable, high-speed performance in a wide range of colors and sizes. Choose both wax/resin and resin for maximum image durability in high and low temperatures. And our ribbon stocking program assures dependable, just-in-time delivery.

Why our thermal transfer ribbons are the ideal choice for coding directly on packaging.

Our thermal transfer ribbons offer excellent print quality combined with high durability on a broader range of flexible packaging substrates.

- Exceptional printing quality assures crisp, clear, durable imprints.
- Long ribbon lengths and fast print speeds up to 40 ips maximize efficiency.
- Reliable shipping and customizable packaging ensure the right ribbon for the right printer.
- Stocking programs assure ribbon availability whenever it's needed.
- Provides OEM compatibility in black, white, silver and 9 other colors.

Make us your single source for thermal transfer ribbons on these printers:

- Markem® SmartDate®
- VideoJet® Dataflex®
- Norwood® Jaguar
- Most other thermal transfer coders

We can be your go-to source for printheads and other related supplies, too.

A wide range of thermal transfer ribbon application solutions.

For price codes, date codes, lot codes and bar codes, we give you the most reliable ribbon solution for your flexible packaging application:

- Pharmaceuticals
- Nutraceuticals
- Produce
- Candy
- Cheese packages
- Coffee
- Chip packages
- Plants
- Clothing
- Tablets
- Sandwiches

Our proven line of thermal transfer ribbon products include:

Near Edge Wax/Resin Standard durability
High-speed printing capability
All-purpose application
Available in 11 colors

Near Edge Resin Maximum durability
Maximum chemical resistance
Available in black

More customized sizes.

Our thermal transfer ribbons are available in customized sizes to maximize ribbon usage on printers made by Markem, Jaguar and Videojet. Choose sizes ranging anywhere 25 mm to 110 mm. Call us so we can customize a flexible packaging solution for you.

Make great coding solutions even better with color.
